

Your Wedding PHOTOGRAPHY GUIDE

Hello

We're Samantha and Brian Kropp - the **husband and wife team** behind Kropp Photography. With **over a decade of experience and hundreds of weddings photographed** together, we bring a seamless blend of award winning artistry and professionalism to every wedding we document. From the first consultation to the final gallery delivery, our focus is on telling your story in a way that feels natural, timeless, and true to you.

Together, we don't just show up with cameras. We walk with you through the entire experience - helping with timeline planning, offering advice and designing heirloom-quality albums and artwork that preserve your memories for generations.

Samantha & Brian Kropp

an unmatched
EXPERIENCE

From our first call to your final gallery delivery, **we're here to guide you, support your vision, and capture your day with a mix of genuine moments and beautifully composed portraits.** You won't need to worry about what to do - we'll walk you through every step and create space for you to relax, be present, and enjoy your wedding day.

WHAT *to* EXPECT

01 Connect & Book

We'll start with a quick, easy phone call or in person consultation at our studio to get to know each other, walk you through what we offer, and answer any questions. If it feels like the right fit, we'll secure your date with a signed contract and retainer.

02 Plan & Prepare

You'll receive our planning tools and we'll be in touch throughout your planning process. Before the big day, we'll schedule a check-in to go over details and create a timeline that supports both your experience and your photos.

03 The Wedding Day

We'll be there for every moment – capturing everything from candid, emotional scenes to beautifully guided portraits. You can relax knowing we've done this hundreds of times and we're always two steps ahead.

04 Your Wedding Story

Within **one week** of your wedding, you'll receive a digitally presented, magazine-style editorial of your day, blending a curated highlight gallery with a written story that reflects who you are as a couple and how the day unfolded. A custom QR code allows you to easily share your story with guests or include it on thank-you cards, offering a meaningful way to relive the experience.

05 Champagne Toast Premiere

A short few weeks after the wedding, you're invited to our studio for a private, theater-style viewing of your complete retouched gallery of images - complete with music, champagne, and all the feels.

06 Artwork Delivery Day

Your artwork is meant to be held, displayed, and cherished for a lifetime, a tangible reminder of a day that deserves to live on.

My husband and I had the most WONDERFUL experience with Kropp Photography! We loved getting to know the incredible husband and wife duo during our engagement shoot and it made everything on our wedding day so wonderful and seamless. Don't think twice about booking your next event with them. They truly will create photographs that capture memories to last you a lifetime and have fun while you're doing it!

Because your story deserves more than a screen

Every wedding couple enjoys a **handcrafted heirloom album**, because your **memories should live in your hands, not just on your phone.**

From your first kiss to your last dance, we curate your **favorite moments into a timeless, custom-designed book** that's meant to be passed down for generations.

Brian and Sam are quite literally the most genuine, professional, and kind people I have EVER had the pleasure of encountering or working with. Their approach to photography and their eye for detail is unmatched. On top of that, they are so much fun to be around, as someone who is camera shy, they still managed to make me feel like I could be on a magazine cover!

DOCUMENTARY + GUIDED

a simple breakdown

We use a mix of documentary and guided photography throughout your day. During the events - like getting ready, the ceremony, and the reception - we take a documentary approach, quietly capturing real moments as they unfold. For portraits, we'll guide you every step of the way, helping with posing, movement, and making sure you feel comfortable and confident. You don't need to know what to do - we've got you covered.

INCLUDING YOUR *LOVED* ONES

Your wedding day isn't just about the two of you—it's one of the rare moments in life when all your favorite people are gathered in one place. From your closest family members to the lifelong friends who've stood by your side, these are the people who helped shape your story. That's why we're intentional about capturing not only your portraits, but also the hugs, laughter, and in-between moments shared with the ones you love most.

FAQ

Will you send an “associate” to photograph my wedding?

Your day will be personally photographed by us, Samantha and Brian Kropp. We're a husband-and-wife team, and we do not outsource to associates. When you book with us, you know exactly who will be showing up, camera in hand, on your wedding day.

Can I see a sample wedding gallery?

Absolutely. We're happy to send over full galleries so you can see exactly what a complete wedding looks like from start to finish. In fact, we highly recommend asking for full galleries from any photographer you're considering-it's one of the best ways to make sure your style and expectations align.

When is payment due? How do I reserve my date?

To reserve your wedding date, a non-refundable \$1,500 retainer is due at the time of booking. After that, you can choose between easy monthly payments or a final lump sum payment due 90 days before your wedding. We'll work with you to keep everything stress-free and simple.

How many images will I get?

We don't cap the number of images because every wedding is different- and your story deserves to be told in full. On average, we deliver around 60 fully retouched images per hour of coverage, but our focus is always on capturing the true essence of your day, not meeting a quota.

FAQ

Is Editing/Retouching Included?

All delivered images receive professional editing and thoughtful retouching.

This includes color correction, exposure balancing, and consistency across the gallery, along with light retouching of temporary or minor blemishes. The images you see in our full wedding gallery examples reflect our standard level of retouching.

Can I print my own photos?

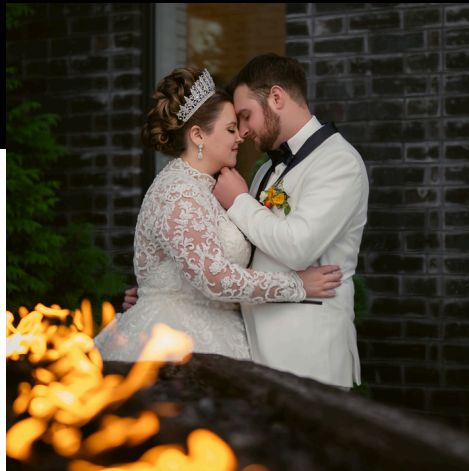

Yes, your high-resolution images come with personal printing rights. That said, if you're printing something you want to last- like a wedding album or framed wall art- we highly recommend ordering through us. We work with professional labs that produce heirloom-quality pieces meant to last generations and look absolutely stunning on display.

“WE COULDN’T HAVE PICKED A BETTER TEAM”

Sam and Brian are INCREDIBLE! They captured our wedding day with intent. Not a single moment was missed. They made us feel comfortable, and reminded us all day to just let every moment sink in. We shared so many laughs and tears with them that at the end of the day they felt more like friends/family than our photographers. We haven’t stopped looking at our photos since we’ve received them. They have allowed us to relive our day over and over again. If you are looking for photographers that truly care about preserving your memories, are extremely professional, and take AMAZING photos, then book Kropp Photography!
