FAQ

Will I Receive Guidance During My Photoshoot?

Absolutely! Most of my clients have never done anything like this before - and that's exactly why I'm here. From the moment you walk through the door, I'll guide you through every pose, every expression, and every moment. My goal is to help you feel confident, comfortable, and seen. You don't need to know what to do - that's my job.

Do You Provide Wardrobe?

Our studio features a luxurious robe collection, draping fabrics for classic silk sheet-style portraits, and a variety of bridal veils to choose from. That said, we recommend bringing 2-3 outfits that reflect your personal style - think bodysuits, lingerie sets, or even something more casual like an oversized sweater or sports jersey.

Because of the intimate nature of undergarments, we do ask clients to bring their own panties and bras. After booking, you'll receive a full wardrobe guide with inspiration, shopping tips, and a list of our favorite stores to help you feel fully prepared and excited for your session.

Are Payment Plans Available?

Yes. You can reserve your date with a non-refundable retainer and choose to either pay for your collection in full when due or split it into convenient, manageable payments leading up to your session. Many clients love this option - it gives you flexibility while securing your spot on the calendar.

What days are available to schedule my photoshoot?

Photoshoots are scheduled Tuesday-Thursday with hair and makeup beginning at 10:30am. Expect a full day of pampering and fun with light refreshments during your visit. Your PRIVATE photoshoot will begin after hair and makeup is complete and last approximately 60 min. - 2 hours depending on the experience you selected. The studio is strictly yours during your session. Your retouched full gallery will be ready to view within only 24 hours ready for you to make your selections.

FAQ continued...

How many images come with my session, and how can I add more to my album?

After your session, you'll receive a gallery of 40+ retouched images to choose from. From there, you'll have 7 days to select your favorites for your album. All images will be delivered as digital downloads for you to back up and/or share. Additional favorites can be included in your printed album for \$50 each.

Can I bring a friend to my photoshoot?

Yes! A friend is welcome to join you during hair and makeup or while you're choosing outfits. For the actual photoshoot, we ask that they wait in our lounge area so the session stays distraction-free and focused on you. Most shoots last 1-2 hours, so they can relax on-site or step out to nearby shops and restaurants before coming back.

What should I expect when it comes to posing and outfits?

Every client has a different comfort level, and we fully support that. Some choose to stay in bodysuits, robes, or lingerie sets, while others may go topless or opt for artistic nude silhouettes. No matter what you decide, our style is always sexy yet classy - with just the right touch of spice. To be clear, we don't shoot anything pornographic or overly explicit; our focus is on creating empowering, tasteful images you will love to keep and share.

Will Samantha be my photographer?

Yes. Every boudoir photoshoot is photographed personally by Samantha. All of the images you see throughout this guide, on the website and on social media reflect her work, her style, and the experience she's crafted over her long career behind the camera. From lighting and posing to creating a comfortable, supportive environment, your session is guided start to finish by the same photographer whose work inspired you to book.
